W. E. MARSHALL & CO., Inc.

150 WEST TWENTY-THIRD STREET

NEW YORK

In presenting our 32nd annual bulb catalogue, we take pleasure in calling the attention of our many clients to the great variety of both tender and hardy bulbs that are mentioned therein.

In all cases, the bulbs we offer are of the highest grade procurable in keeping with our constant aim to more fully merit the excellent reputation we enjoy as an establishment where one will find "Everything good for every good garden."

W. E. MARSHALL & CO., INC.

Telephone: CHelsea 3-3287; 3-3288
Cable Address, "Lilies" New York

LANDSCAPE DEPARTMENT

The services of Donald E. Marshall are available to those requiring expert advice in the planning of new planting or the rearrangement of gardens which would have his personal supervision.

Narcissus Naturalized in Grass

NARCISSUS or DAFFODILS for NATURALIZING

There is no more enchanting picture in Spring than a natural planting of Daffodils, so arranged in groups that the individuality of each species may be maintained. An irregular massing should be made where the grouping is dense in the center with a thinning out towards the edges like a summer cloud.

We have made most satisfactory arrangements with an extensive grower of Narcissus in the North Western area of the state of Washington, a section renowned for growing sturdy Daffodils, to supply us with a quantity of bulbs of certain varieties that are most adaptable for naturalizing purposes.

These bulbs are of large size and many of them double nosed. They may also be used in the garden border so that the following offer presents a good opportunity to Daffodil lovers to procure a fine collection at an extremely low cost.

NARCISSUS or DAFFODILS for NATURALIZING

Marshall's Matchless Darwin Tulips

(May Flowering)

The Darwin Tulips, while among the last of the race to bloom, are easily first in the affections and esteem of flower lovers. Gorgeous in color, easy to grow, splendid as a cut flower, superb in mass plantings in shrubbery, they may be easily forced if brought into the conservatory or greenhouse not earlier than January.

The heights of the flowers are given in inches. Varieties marked with an asterisk (*) are good for forcing.

Not less than 6 bulbs sold at dozen rates, 25 bulbs at 100 rate.

Pink and Rose Shades

	Doz.	100
Afterglow. A rich, deep salmon orange salmon border. A striking variety. 26 in.	\$0.90	\$6.00

Zwanenburg. A pure white Darwin with black anthers. Large and strong flower. 28 in.	1.20	8.00

Darwin Tulips in Mixture

Mixed Darwin Tulips are unsurpassed for group planting, massing and for naturalizing. When so planted they form brilliant patches of color silhouetted against the rich verdure of the early Summer season. The shades of colors included in our mixtures are judiciously blended so as to create delightfully artistic ensembles.

	Doz.	100	1000
Marshall's Matchless Mixed Darwins. From named varieties	\$0.90	\$6.00	\$55.00
Splendid Mixed Darwins. A fine assortment of colors80	5.00	45.00

Cottage Tulips, John Ruskin.

Cottage Garden and Hybrid Tulips
(May Flowering)

These late flowering Tulips are used extensively for late bedding and certainly contribute heavily to the gala Spring display. As a cut flower they are ideal, the wide range and brilliancy of their colors being most effective.

	Doz.	100		Doz.	100
Ambrosia. Orange, flushed lilac rose. 24 in.	\$1.00	\$7.00	Mrs. Moon. Large, golden yellow flowers of good substance. 24 in. ...	\$0.90	\$6.00
Avis Kennicott. Deep yellow black base. 24 in.90	6.00	Nectarine. Tea colored. Orange	1.20	8.00
Carrara. Pure white; large cup-shaped blooms with rounded segments. 25 in.	1.20	8.00	Picotee (Maiden's Blush). Handsome, pure white flowers, recurved petals and with rose-pink margins. 20 in.90	6.00
Dido. Outside orange red shaded carmine; inside salmon orange; yellow base bordered green. 30 in.	1.00	7.00	Rosabella. Beautiful carmine-rose with broad white edge; inside shell pink. 25 in.	1.00	7.00
Grenadier. Orange red	1.00	7.00	Sirene. A charming Lily flowered cerise pink shading to pale pink at the margins; white base. 26 in.90	6.00
John Ruskin. Beautiful combination of apricot, rose, mauve and yellow. Exquisite. 18 in.90	6.00	The Fawn. Pale rosy fawn, changing to a blush rose. The flower is large, egg-shaped and has a good stem90	6.00
Marvel. Interior old gold, outside salmon rose, reflexed petals. Fragrant. 24 in.	1.20	8.00	Yellow Picotee. Rose shaded yellow. 20 in.90	6.00
Moonlight. Long oval flowers of bright canary yellow. Slightly reflexed. 22 in.90	6.00	MIXED COTTAGE TULIPS. This mixture is made by ourselves from the named varieties80	5.00

Tulipa eichleri

Tulipa clusiana

Tulipa kaufmanniana

Dutch Breeder Tulips

Breeder Tulips bloom at the same time as the Darwins and their immense blooms are erectly held on long strong stems. The colors of the Breeder are what modernists term as "art" or pastel shades, embracing rich tones of bronze, yellow and purple. For association with the brighter hued Darwins, they are unsurpassed.

	Doz.	100
Abd-el-Kadir. Soft bronzy yellow, shading lighter at edges. Interior bronze brown, olive base. 26 in.	\$1.00	\$7.00
Bacchus. A superb flower of rich violet blue, darker exterior. White base. 28 in.90	6.00
Bronze Queen. Golden yellow, tinted apricot and bronze. An exquisite color. 28 in.90	6.00
Copernicus. Dark coppery bronze, flushed old rose, with olive base. 29 in.95	6.50
Dom Pedro. Distinct shade of coffee brown, shaded maroon. Interior rich mahogany. 22 in.	1.00	7.00
Fairy. Rich orange red shaded mahogany. Superior for border or late forcing. 24 in.90	6.00
Golden Bronze. A charming combination of old gold, flushed heliotrope. Inside mahogany brown. 20 in.	1.00	7.00
Lucifer. Terra cotta orange	1.00	7.00
Louis XIV. A Tulip of outstanding merit with blooms of dark purple flushed bronze and edged golden brown. A superb flower. 28 in.95	6.50
Prince Albert. Glowing mahogany brown shading to soft bronze in center. 32 in.	1.00	7.00
Prince of Orange. Terra-cotta with orange edge. Flower of great substance. 25 in.	1.00	7.00
Velvet King (Dreadnought). Velvety blue black with white base. Immense flowers of good form. 24 in.	1.00	7.00
Marshall's Matchless Mixed Breeders. Here we offer an unusually choice assortment of colors, judiciously blended so as to insure the grower a wider assortment of splendid colors	1.00	7.00

Tulipa Species

Here we offer a galaxy of exquisite floral treasures to those fastidious gardeners who desire something choice and unusual. They are just the treasures to stimulate the keen enjoyment of gardening, so often surfeited with the commoner—but beautiful—bulbs offered and so universally grown.

It is well nigh impossible to attempt to visualize or portray in words the beauty afforded by these gems. Tucked away, in generous quantities in the rock garden or border, they will be seen to advantage but are perhaps at their best in colonies on sloping hill or bedecking the borders of brook or waterside.

They are easy to grow, hardy and give abundantly of their vivid blossoms under ordinary care. They increase in magnificence and number with each passing year. They are moderately priced so as to enable flower lovers to grow them in generous quantities.

	Doz.	100
Clusiana (The Lady Tulip). This species comes from the Mediterranean region; has small white flowers with a flush of rose on the outer surface, and purplish-black at the base. Height 12 in.	\$1.20	\$8.00
Eichleri. A native of Turkestan. It is a fine species with large leaves and broad flowers of intense scarlet, having a black blotch at the base margined with yellow. Height 8 in.	1.20	8.00
Greigi. Low growing, the flower stem rarely exceeding 8 in. in height, the leaves marbled with purplish blotches. The large sized flowers are of a dazzling vermilion red color, faintly marked at the base with a dark spot. Early flowering and most attractive	4.00	30.00
Kaufmanniana. An early flowering species from Turkestan and is one of the finest. It grows 8 in. high with broad, flat leaves. The flowers are very large, the color being white to creamy-yellow tinged with pink on the outside, the petals marked with a broad orange blotch	1.40	9.00
Marjolette. Soft-primrose, shaded carmine-red at base. A small flower. Late May flowering. Height 14 in.	1.80	12.00
Sylvestris (Florentina odorata). A British species. Pale yellow flowers with casual edgings of red and frequently the scapes carry two flowers, but the most valuable property of all is its fragrance. April and May flowering. Height 10 in.	1.20	8.00

Marshall's Single Early Tulips

(April Flowering)

Tulips for bedding are the most popular and effective of all hardy, bulbous plants. In our descriptions we give the color and average height to which they grow. For pot culture and forcing for Winter cut flowers they are invaluable.

For outdoor planting, 4 inches to the bottom of the bulb is deep enough, and a distance of 5 to 6 inches between the bulbs is sufficient. They may be planted in October and November, before the ground freezes. For pot culture, a compost of two parts loam to one part light manure, with sand intermixed, is suitable. From three to five bulbs, according to size, in a 5-inch pot, are very effective. The pot should be buried until the bulbs are well rooted.

A, B, and C indicate season for flowering. A and B may be planted to flower about the same time in the open ground; C flowers later. The figures indicate average height in inches.

Not less than 6 bulbs sold at dozen rate,
25 at 100 rate.

	Doz.	100
Belle Alliance. Brilliant, deep scarlet; sweet scented. A, 11	\$0.90	\$6.00

Lutea Major. Yellow, striped crimson and green90	6.00
Markgraaf. Golden inside, feathered brilliant scarlet, purple and green outside90	6.00
Perfecta (Gloriosa). Yellow, scarlet green90	6.00
Marshall's Finest Mixed. A combination of all the above sorts90	6.00

Marshall's Exhibition Hyacinths

The varieties enumerated below have been selected for their distinct coloring and free flowering qualities and are all **selected top root bulbs**, specially suited for growing in pots or glasses or for high grade bedding.

Single Blue and Purple

Electra. Light, silvery blue; enormous spike.
Grand Maitre. Dark Porcelain blue; extra large
King of the Blues. Deep purplish blue; fine spike.
Perle Brilliante. Light blue, perfect shade.

Single Red, Rose and Pink

General de Wet. Light pink.
Gertrude. Bright, rosy red; large, compact spike; very popular.
Lady Derby. Light rose pink; early forcer.
La Victoire. When forced, brilliant, dark pink; grown outside, a brilliant red.
Moreno. Lovely blush pink; large truss.
Queen of the Pinks. Brilliant pink.

Single White

La Grandesse. Pure white, very large spikes and bells.
L'Innocence. A pure white, handsome flower.

Single Yellow

City of Haarlem. Golden yellow.
Prins Hendrik. Clear yellow, early forcer.
Yellow Hammer. Golden yellow.

The above named Hyacinths
 25c. each, \$2.50 per doz. \$18.00 per 100

Marshall's Select First Size Named Hyacinths

These are smaller than our Exhibition Bulbs, but are fine flowering stock and admirably adapted for pot culture and high grade bedding where distinct shades of color are desired. We can furnish them in the following grand varieties:

Gertrude. Deep rose; extra fine for bedding.
King of the Blues. Dark blue.
La Grandesse. Pure white.
La Victoire. When forced, a brilliant dark pink; outside a brilliant red.
Perle Brilliante. Light Blue.

Price, any of the above
 20c. each, \$2.00 per doz., \$14.00 per 100.

Bedding and Forcing Hyacinths

These bulbs have been especially selected in Holland for us and are equally suited for either bedding or forcing. They will all throw large, uniform spikes of flowers, and cannot fail to give universal satisfaction.

Unnamed Selected Single Varieties

Single Dark Pink	Single Pure White
Single Dark Blue	Single Scarlet
Single Light Blue	Single Yellow

All of the Above Colors,
 Each 15c., doz. \$1.60, 100 \$11.00

Note—If Hyacinths are wanted by Parcel Post, add 10c. per doz. for 1st, 2nd and 3rd zones, 15c. per doz. for 4th and 5th zones, 20c. per doz. for 6th, 7th and 8th zones.

Miniature Hyacinths

These are also known as **Dutch Romans** and **Pan Hyacinths**. They are small, single flowering Dutch Hyacinths, and are very suitable for growing in pans, pots or boxes. They are also fine for outdoor planting.

	Doz.	100
L'Innocence. Pure white	\$1.20	\$8.00
Moreno. Deep pink. Early forcer.	1.20	8.00
Perle Brilliante. Light blue, perfect shade	1.20	8.00

Prepared Dutch Miniature Hyacinths

These bulbs arrive early from Holland and may be had in flower for Christmas. Treat the same as White Roman Hyacinths.

	Doz.	100
Bismarck. Bright blue	\$1.40	\$10.00
L'Innocence. A very fine pure white	1.40	10.00
Nimrod. Deep rose, a fine forcer and earliest of all	1.40	10.00

Roman Hyacinths

Marshall's French Roman Hyacinths

The flowers are delightfully fragrant, and each bulb will throw up three to four spikes. For forcing, three or four bulbs are generally planted in a pot. The Roman Hyacinths can be grown very successfully in bowls with fibre or pebbles for Winter flowers.

	Doz.	100
White Roman. Mammoth bulbs	\$2.00	\$12.00
Virginia. The Blue Roman Hyacinth. It has longer stems and larger flowers than the white Roman Hyacinth. Can be easily flowered for Christmas. Each bulb will produce two or three perfect flower spikes.		
First size bulbs	2.50	18.00
Mammoth size bulbs	3.50	25.00

Narcissus and Daffodils

Daffodils are an indispensable factor in the pageant of Spring floral beauty, and whether grown as specimens in the garden borders or planted "au naturel" in woodland or glade, each blossom seems a concentrated gleam of golden sunshine. Absolutely hardy, they increase in beauty and size, year after year. Our list has been carefully compiled and contains all that is best in these splendid bulbs.

The **Incomparabilis** varieties are crosses between yellow Trumpets and Poeticus, with larger crowns than the Barri types.

The **Barri** types have crowns usually not over one third the length of the perianth petals.

The **Leedsii** varieties always have white perianth petals and the crowns are mostly white or light yellow.

The **Poetaz** kinds have a bunch of flowers on each stem and are very fragrant.

(The prices quoted below are for the very largest bulbs).

Large Trumpets

	Doz.	100
Cervantes. Primrose perianth, yellow trumpet, very early forcer	\$1.40	\$9.00
Emperor. Perianth primrose-yellow trumpet golden yellow	1.50	10.00

Double Narcissus or Daffodils

Double Narcissus are particularly adapted and suitable for planting in borders or for naturalizing. They form a very distinct feature in the Spring flowering border. When once established, they increase from year to year in size and beauty.

	Doz.	100
Albus plenus odoratus. Snow white, Gardenia flowered Daffodil	\$1.30	\$8.00
Orange Phoenix. Large double white with orange base	1.30	8.00
Primrose Phoenix. Primrose yellow, large rose shaped flower, long stem.	1.50	10.00
Sulphur Phoenix. A superb type with a silvery perianth and sulphur colored center	1.40	9.00
Von Sion. The old-fashioned, double Daffodil. Flowers deep golden yellow which are seen to best advantage in groups in permanent borders or in shrubbery	1.50	10.00

Precooled Narcissus for Christmas Flowering

These bulbs have been undergoing a cooling treatment and should be potted up immediately on receipt and placed in a cool cellar for proper root action which is completed much more quickly than untreated bulbs. They should never be placed in heat until the bud appears in the crown.

(Orders should be placed before June 25th to allow time for precooling.)

	25	100
Bath's Flame. For description see page 6	\$4.50	\$16.00
King Alfred. For description see page 6	5.00	18.00
Lady Moore. For description see page 6	3.50	12.00
Laurens Koster. For description see page 6	2.50	9.00
Red Chief. For description see page 6	3.00	10.00

(All the above are largest double nose bulbs).

NOTE—If Narcissus are wanted by Parcel Post, add 15c. per doz. for 1st, 2nd and 3rd zones, 20c. per doz. for 4th and 5th zones, 25c. per doz. for 6th, 7th and 8th zones.

Narcissus Triandus Albus

Rock Garden Narcissus

	Doz.	100
Bulbocodium Conspicuus. Popularly known as the "Hoop Petticoat" Daffodil. Golden yellow, 6" high	\$3.00	\$20.00
Cyclamineus Major. A charming little Portuguese Daffodil, producing lemon-yellow, cyclamen-like flowers on wiry stems, 6" high	4.00	25.00
Orchid Thalia. Has beautiful pure white flowers, resembling an orchid and producing 3 to 4 on a single stem	4.50	30.00
Triandus Albus. Known as the Angel's Tears Daffodil. The drooping flowers are pure white and appear in clusters of 3 to 7 on a wiry stem	3.00	20.00
W. P. Milner. A dainty, free flowering variety with miniature white trumpet	4.00	25.00

Polyanthus Narcissus

The Polyanthus varieties all are suited for growing in pots with pebbles or fibre. They are very free flowering, bearing six to nine flowers on a stem. They are not hardy enough to be planted out of doors in the northern states.

	Doz.	100	1000
Grand Soleil d'Or. Yellow with orange cup, very free flowering	\$2.00	\$13.00	\$120.00
Paper White Grandiflora. The best Narcissus for growing in water. The flowers are large, attractive in color, and intensely fragrant. Planted in bowls of pebbles and water they will bloom in from three to six weeks, depending on the season planted. Only the largest bulbs procurable should be used. Small bulbs are not recommended.			
Mammoth Bulbs, 4 for 35c....	1.00	6.00	55.00
Not less than 1/2 dozen sold at dozen rates.			

Fonquils

A class related to the Narcissus and suitable alike for pot culture or planting out. The culture required is the same as for Hyacinths.

	Doz.	100
Campernelle. Bright yellow; very fragrant; best for outside	\$1.30	\$8.00
Double Campernelle rugulosus. Sweet scented. Rich yellow, fine	1.40	9.00

Allium

These Alliums are all very beautiful and perfectly hardy. The first three are most desirable for rock gardens, growing 8 to 10 inches high.

	Doz.	100
Falcifolium. Fine rosy-purple	\$0.80	\$5.00
Sp. Eastern Lake. Fine clear pink80	5.00
Unifolium. Deep pink80	5.00
Vallidium. Rare clear pink, 18 to 24 inches high		
3 for \$1.00	3.00	20.00

Amaryllis

	Each	Doz.
Hippeastrum, New Hybrids. The finest race of Amaryllis in cultivation. Bulbs ready in December. Mammoth bulbs	\$0.60	\$6.00
Formosissima. (Jacobean Lily.) Brilliant scarlet flowers of a very odd shape and formation..	.35	3.50
Johnsoni (St. Joseph Lily). Crimson scarlet with broad white stripe down the center of each petal50	5.00
Halli (See Lycoris squamigera).		

Amaryllis bulbs ready for delivery in December.

Anemone Coronaria

	Doz.	100
Marshall's Selected Double Mixed. A specially selected strain for greenhouse forcing. The flowers are double and semi-double, measuring 2½ to 3 inches in diameter. The colors are all distributed in various bright shades as all dull colors have been eliminated. 2-year-old bulbs	\$1.25	\$8.00
Single Blue Poppy. This attractive type produces large flowers of a fine deep blue shade. Strong 2-year-old bulbs	1.30	9.00
Single Mixed. Strong, 2-year-old bulbs	1.10	7.00

Babiana (Baboon Flower)

	Doz.	100
A dwarf flowering bulb from South Africa. Similar in growth to Freesias. Azure blue flowers.	\$0.80	\$5.00

Calla Lilies

Well-known plant of easy culture; the only particular attention it requires is constant watering, and as warm a room as can be conveniently given it.

	Each	Doz.	100
Devoniensis (The Godfrey Calla) It gives three blooms to one of the ordinary Calla, is snow-white and perfect in form..	\$0.60	\$6.00	\$40.00
Mrs. Roosevelt. White flowers tinged amber, leaves spotted	.35	3.50	25.00
White (Richardia Aethiopica) The White Calla, or Lily of the Nile, is a well-known plant of easy culture. Extra large bulbs50	5.00	40.00

Yellow Elliottiana. The finest yellow Calla; large, rich, deep golden flowers. The leaves are spotted with white. Delivery in November.			
Large Bulbs50	5.00	35.00
Mammoth Bulbs75	6.50	45.00

Camassia leichtlini

Camassias

There are few bulbous plants that meet climatic or soil conditions better or give a more attractive bloom. They are hardy without protection, and thrive either under ordinary garden conditions or when naturalized in open moist woods or in not too dense a grassy growth. The flower stems are 4 feet high with as many as a hundred star-shaped flowers measuring 1½ inches across and flowering in long succession. September delivery.

	Doz.	100
Esculenta. A purple form, rich in color. Grows 2 feet high. Very showy in masses	\$0.60	\$4.00
Leichtlini (Sky-blue). Grows 3 feet high, with as many as one hundred flowers, of the finest form, star-shaped and about 1½ in. across, flowering in long succession	1.50	10.00

All About Flowering Bulbs

By T. A. Weston

This book gives all the information the home gardener requires on the culture of bulbs of all seasons for outside and in the house. 186 pages, 68 illustrations, 8 color plates. Postpaid \$2.15.

Calochortus

Mariposa or Butterfly Tulips

The following varieties of these charming California bulbous plants have been selected from a long list because of their hardiness. If given a covering of leaves, they will be able to withstand severe weather.

	Doz.	100
Vesta. White, flushed with lilac or rosy-purple; red at center and purple on backs of petals.	\$1.50	\$10.00
Venustus Citrinus. Deep, rich yellow with black center	1.00	6.00

Chionodoxa

Glory of the Snow

A hardy, early flowering, bulbous plant which is closely allied to the Scilla but differs, among other characters, in having a short tube to the corolla. A good companion to the Scilla and Snowdrop.

	Doz.	100	1000
Lucilliae. Bright blue with white eye	\$0.40	\$2.50	\$22.00
Sardensis. Dark blue with no white50	3.00	27.00

Crocus

Autumn Flowering Crocus

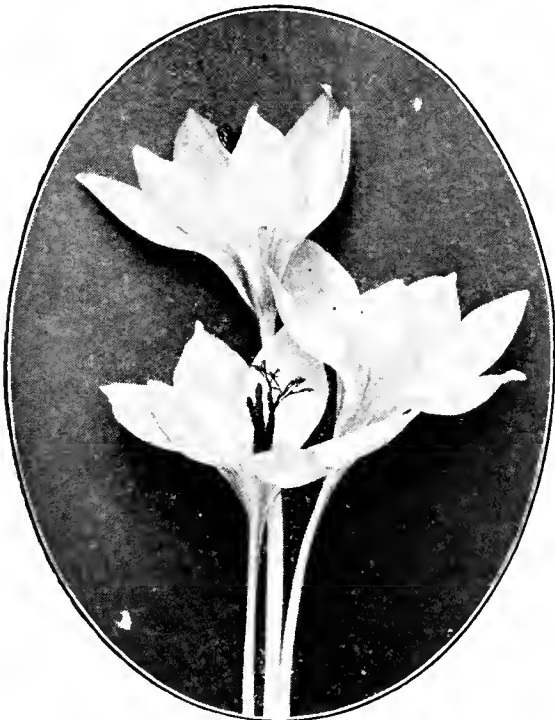

Suitable for borders, rock gardens and planting with low growing plants. The bulbs arrive in August and should be planted early in the Fall.

Sativus. The true Saffron Crocus. The leaves appear before the flowers and are fringed with hairs at the edge.

Speciosus. The largest of the species. Color delicate blue flaked and blotched with deep violet blue.

Zonatus. A beautiful soft lavender with anthers of white.

All the above, 60c. doz., \$4.00 per 100.

Autumn Flowering Crocus Speciosus

Colchicum

(Fall Flowering Crocus)

These bulbs bloom early in the Fall and the foliage follows in the Spring. The color is a rosy lavender. They should be planted early in September.

	Each	Doz.	100
Autumnale Alba. White	\$0.30	\$3.00	\$20.00
Autumnale Alba plena. Double white	2.50	25.00	
Autumnale rosea plena. Double pink75	7.50	50.00
Autumnale Major. Large soft violet30	3.00	20.00
Bornmullerie. Very large lavender75	7.50	50.00
Giganteum. Very large, light lavender40	4.00	30.00
Speciosum. Deep rose-purple.60	6.00	40.00

Note:—Colchicums cannot be supplied later than September 15th.

Crocus

Marshall's Named Crocus

Very early flowering Spring bulbs for planting in lawns, borders or terraces. Bulbs should be planted in October. They can also be grown in bowls with prepared fibre or pebbles.

	Doz.	100	1000
King of the Whites. Pure white50	3.00	28.00
Maximilian. Pure porcelain blue50	3.00	28.00
Mont Blanc. The finest white50	3.00	28.00
Queen of the Blues. Dark blue50	3.00	28.00
Striped Beauty. White striped lavender50	3.00	28.00
Golden Yellow50	3.00	28.00

Mixtures of Crocuses

These comprise mixtures of shades of colors and are best adapted for outdoor planting.

	Doz.	100	1000
Large Flowered Blue and Purple	\$0.30	\$2.25	\$20.00
Large Flowered Golden Yellow30	2.25	20.00
Large Flowered striped and Variegated30	2.25	20.00
Large Flowered White30	2.25	20.00
Mixed, All Colors30	2.25	20.00

Cypripediums

Native Orchids

Charming subjects for planting in acid soil and semi-shade. Fine for naturalizing.

Acaule. A glorious plant with broad green leaves from the center of which arises a stem carrying one large, mauve pink blossom with contrasting twisted sepals. It may be gently forced and does well in pots.

Pubescens. Pale yellow flowers in May and June with slightly twisted petals. The plant is found under natural conditions as far North as Newfoundland.

Spectabile. By far the best of the Cypripediums with white to rose purple flowers. Does exceedingly well in moist or partly shaded bed of peat or leafmold.

Prices all above varieties, clumps with 3 to 4 crowns, 3 for \$1.50; \$5.00 doz.; \$35.00 100.

Dielytra Spectabilis

Bleedingheart

Long, drooping racemes of pink flowers. Strong forcing clumps. October delivery. 75c. each, \$7.50 per doz. If by mail, add 10c each for postage.

Daphne Cneorum

(GARLAND FLOWER)

A most desirable plant for the Rock Garden. These shrubs are of spreading habit and do not grow over 8 to 12 inches high, producing delicately perfumed rose pink blossoms. The flowers completely cover the plant not only in Spring but again in early Autumn. As an edging plant in front of evergreens or shrubs it is unequalled.

Prices Plants 8 to 10 inches in diameter, securely packed, parcels postpaid, 3 for \$3.50; not less than 3 plants sold. Packed balled and burlapped, by express, charges collect, \$12.00 per dozen, \$90.00 per 100.

Eranthis Hyemalis

Winter Aconite

A very hardy bulbous plant with beautiful bright yellow flowers, produced in early Spring on stems about 6 inches high. Excellent for naturalizing in half shady positions.

50c. per doz., \$3.50 per 100, \$32.00 per 1000 dozen.

Eremurus (Foxtail Lily or King's Spear)

A noble family of hardy plants, most delightful and desirable for stately and colorful groups in large plant borders and shrubberies. They are perfectly hardy, and when well established, produce dozens of giant flower spikes, like huge Hyacinths, attaining a height of from 6 to 10 feet, the flower spikes (comprising several hundred flowers) being from 2 to 3 feet long. They are best planted in early Fall and thrive in any sunny, well drained border. They should be planted in early Fall only, as it is dangerous to disturb them in Spring, when they make an early growth. These wonderful, gigantic flowering plants do not require a great depth of soil, as the fleshy roots spread outwards. The plant disappears above ground after flowering and annuals may be planted close to them to fill the vacant space. A mulching of wood ashes is advised as a Winter protection for the crowns and when the flower spikes appear in early Spring a slight protection from the late frosts is necessary. We would recommend the Ever Ready Plant Protector, made of waterproof paper.

The following list includes some of the finest and rarest in commerce, flowering in various months, as indicated, in Spring and early Summer.

	Each	10
Bungei (July). Vigorous, enormous spikes of widely expanded flowers of clear yellow. 6 feet	\$2.50	\$20.00
Elwesianus (June). Beautiful, delicate pink flowers, thickly set in tall, noble and stately spikes. 8 to 10 feet	4.00	35.00
Elwesianus albus (June). Pure white flowers similar in form and height to the preceding. A magnificent novelty....	5.00	45.00
Himalaicus (May to June). Waxy white flowers with golden anthers, developing huge stems and flower spike. 8 to 10 feet	3.00	25.00
Himrob (June). Pale silvery rose. A hybrid between Himalaicus and Robustus, the spikes being densely clothed with large flowers. A splendid variety. 8 to 10 feet..	4.00	35.00
Robustus (June). Rosy pink flowers in a spike 3 to 4 feet long, standing on an 8 to 10 foot stem. One of the finest in the group	4.00	35.00
Shelford (July). Coppery yellow inside, tinted ruddy bronze outside. Flowers arranged close together on an 8 foot spike	4.50	40.00
Warei (July). A grand hybrid of tall stature. The actual inflorescence being three feet long, studded with myriads of coppery pink flowers shot with bronze. A rare plant and very richly colored. 8 feet	7.00	65.00

The above are offered in strong flowering, field grown crowns for October delivery.

Erythronium

Dog Tooth Violets

Charming, Spring-flowering woodland plants that thrive best in shady places where there is a fair amount of moisture. They are always attractive because of their beautifully mottled foliage. Excellent for shady rock gardens. September delivery.

	Doz.	100
Californicum. Cream-colored flowers four to five on a stem	\$0.75	\$5.00
Citrinum. Creamy inside with citron center75	5.00
Grandiflorum robustum. A superb species with flowers of the brightest buttercup yellow	1.00	6.00
Hartwegi. A pretty yellow variety with each flower on a separate stem ..	.75	5.00
Hendersoni. Flowers of a lovely light purple with deep maroon center ..	.75	5.00
Revolutum johnsoni. The most beautiful of all the Erythroniums. A stout flower producing exquisite rose-pink flowers	2.00	14.00

Eucharis Amazonica

The Amazon Lily

This unusual plant deserves to be better known for there are few flowers that equal it in fragrance. In the South it makes a good house or garden plant while in the North it requires greenhouse treatment. When well grown the flower stems are 2 feet high and bear five or six pure white flowers at their apex, with each flower measuring 4 to 5 inches in diameter. A warm, humid atmosphere is necessary for this enchanting plant.

Good flowering bulbs, 3 for \$3.00, \$12.00 per

Eremurus robustus

Freesia

This is one of the most beautiful of all Cape bulbs, possessing a peculiar grace of form, and its fragrance is most delightful, one pot of five or six bulbs being sufficient to perfume a whole house. As cut flowers, they are extremely valuable.

Elders Giant White. Very large flowering white, strong stem and foliage.

	Doz.	100	1000
Mammoth Bulbs	\$1.00	\$6.00	
Monster Bulbs	1.50	9.00	
Purity. A magnificent, snowy-white, of very large size and great length of stem. A truss bearing from eight to ten buds, of which six are often open at one time.			

	Doz.	100	1000
Mammoth Bulbs	\$0.60	\$3.50	\$30.00
Monster Bulbs. Very scarce	.80	4.50	40.00

Colored Freesias

	Doz.	100	1000
Apotheose. A sterling new novelty. Color pink, lavender tinted	\$2.00	\$9.00	\$85.00
California. Pure golden yellow	1.00	6.00	55.00
General Pershing. Lavender-pink, with yellow throat....	.90	5.50	50.00
Golden Daffodil. A new and really choice hybrid with immense flowers of soft Daffodil yellow. A fine cut flower..	.80	5.00	45.00

Mrs. Marc Peter. Rosy-pink, blotched orange and yellow	1.00	6.00	55.00
Opal. A new and beautiful lavender	1.50	10.00	90.00
Sunset. A beautiful sunset shade	1.20	7.00	65.00
Tangerine. Pure tangerine orange	3.00	20.00	

Fritillaria

Imperialis (Crown-imperial). One of the most characteristic plants of old-fashioned gardens. It is the most robust of all the species. The flowers are borne in umbels on stout stems, 3 to 4 ft. high.

Fine Mixed . 3 for \$1.50, doz. \$6.00, 100 \$40.00

Meleagris (Guinea-hen Flower). *Fritillaria meleagris* is sometimes called "The Checkered Lily." It is a dwarf variety with colors predominating in purple and green.

Mixed ColorsDoz. \$100, 100 \$6.50

Recurva (Mission Bells). A free flowering type that thrives in the open. Has beautiful orange scarlet flowersDoz. \$2.00, 100 \$12.00

Pudica. A low plant with a single, clear, bright yellow bell, prefers sandy, loose soil. Doz. \$2.00, 100 \$12.00

Gerbera

Jamesoni Hybrids

Elegant, star-shaped flowers in a wonderful variety of colors produced on long stems and when cut retain their freshness for two weeks. We offer the finest strain of brilliant colors.

The plants are not hardy enough for the northern states, but will thrive if given protection in the moderate zones. For greenhouse decoration they have no equal for flower production. Undivided Field Clumps, 10 for \$4.00, 100 \$35.00.

Gladiolus

The following are suitable for Winter forcing, Bulbs ready for delivery end of November.

	Doz.	100
Alice Tiplady. Beautiful orange saffron	\$0.60	\$4.00
Early Sunrise. Large, red, shaded orange75	5.00
E. J. Shaylor. A beautiful deep rose pink, ruffled75	5.00
Halley. An attractive salmon pink with creamy blotch60	4.00

Orange Queen (Prim.) Orange yellow tinted apricot75	5.00
Souvenir (Prim.) A superb large deep yellow60	4.00
Virginia. Intense scarlet, massive spike75	5.00
White Wonder. A magnificent pure white75	5.00

Gladiolus Nanus

(Colville Type)

Small flowering *Gladiolus*, best adapted for forcing.

Plant six bulbs in 6-inch bulb pans and grow in moderate temperature. They are not hardy enough for outside planting.

	Doz.	100
Blushing Bride. White ground, dark crimson spot on the lower petals; large, broad spot in center	\$1.00	\$7.00
Peach Blossom. A lovely shade of the most delicate pink	1.00	7.00
The Bride. Profuse bloomer, pure white	1.00	7.00
Gladiolus Tristis. An excellent variety for forcing. The flowers are creamy white on long wiry stems	2.25	16.00

Gloriosa Roehrsiana

A gorgeous, Lily-like plant, climbing from 6 to 10 feet high and bearing a profusion of orange scarlet flowers. A beautiful plant for greenhouse or conservatory use. Dormant tubers. October delivery Each \$1.50

Fritillaria Imperialis

Grape Hyacinths

Grape Hyacinths
(MUSCARI)

Charming, hardy Spring flowering bulbs. They are something like the Hyacinth, but the clusters are smaller and the individual flowers are smaller and of different shape. Invaluable for naturalizing.

	Doz.	100	1000
Azureus. A very pretty Cambridge blue. Very early flowering	\$.60	\$3.50	\$32.00
Botryoides. Blue	.40	2.75	25.00
Botryoides. White	.60	3.50	32.00
Heavenly Blue. This is the best and largest of the Grape-hyacinths. Good for pot culture as well as for outdoors	.60	3.50	32.00

Helleborus Niger
(The Christmas Rose)

This interesting hardy plant can be grown in any sheltered position. It makes an excellent addition to the Rock Garden, as its blooms appear in November and continue to bloom as long as the weather is open. Frost and snow apparently have little effect on its blooming, as whenever a thaw happens in the early Winter, their flowers appear untouched by ice and snow.

The color is white, suffused with pink, and if sheltered in a glass coldframe they will turn almost pure white, on stems from 6 to 12 in. in length, flowers from 2 to 3 in. across. The leaves are large and leathery in substance.

Ever since the government embargo on all plants, this most interesting plant has been extremely scarce and almost out of the market.

Extra strong clumps \$1.00 each; \$10.00 doz., delivered free in September and October.

Bulb Trowel

Used for planting all kinds of bulbs and plants. Each 75c. Postage 10c extra.

Forcing Iris

For Christmas Blooming

Wedgewood. We are in a position to supply precooled bulbs of this beautiful Iris, that can be brought into bloom for Christmas with an assurance of 100% blooms. Wedgewood is best described as a rich deep blue with a yellow blotch at the top of each fall enhancing its beauty.

\$2.00 per doz.; \$14.00 per 100

Other Forcing Iris

Wedgewood. For later forcing. See description above. 3 for 60c.; \$1.75 doz.; \$13.00 per 100

Imperator. Large flowers of bright blue. \$1.25 doz.; \$8.00 per 100

Iris, Dutch or Holland

This Iris is a giant strain of the Spanish Iris. The flowers are of enormous size and it has the advantage of coming into bloom two weeks earlier than the Spanish.

Dr. Haring. Creamy white falls with deep yellow blotch. Standard, silvery lavender.

Huchtenburg. Falls deep yellow. Standards lovely pale blue.

Poggenbeek. Standards and falls uniform dark blue.

White Excelsior. Very large, pure white.

Yellow Queen. Uniform yellow of splendid height and size. Very early. Large bulbs. Any of the above varieties, doz. \$1.25; 100 for \$8.00. October delivery.

Iris, Spanish

Graceful, slender stems, with loose but beautiful flowers, the charming colors producing a combination not surpassed by an Orchid. The finest effects are produced when planted in clumps in the perennial border; flowering period May and early June. They are also excellent for growing in pots indoors or for forcing.

We have secured a large quantity of Northern grown bulbs, which although smaller than the California bulbs, are all hard, firm bulbs that will give more and larger flowers.

British Queen. Large pure white.

Cajanus. Canary yellow with orange yellow blotch.

King of the Blues. A fine, deep purplish blue.

Longfellow. Light blue with lighter falls.

Prince Henry. Large purplish bronze, one of the best.

Mixed. All colors.

Price of any of the above varieties, 4 bulbs for 50c., doz. \$1.00, 100 for \$6.00.

Not less than 4 bulbs of 1 variety sold.

English Iris

The English Iris are among the finest of all the Iris group coming into flower at the end of June. As a cut flower it is invaluable. The bulbs may be planted outside with a Winter mulching.

Named varieties in separate colors \$1.80 per doz.; \$12.00 per 100.

Iris Germanica (German Iris)

There is no flower that is more easily grown than the Iris, and none that will produce a wider range of color. The varieties listed below are some of the world's finest.

In the description, "F" represents falls, and "S" represents standards.

Ambassador. Late, ruby red. A gigantic flower on tall, stout stem.

Cleopatra. Very soft amber.

King of Iris. S. lemon yellow. F. rich maroon, bordered yellow.

Lohengrin. S. and F. light lilac pink with a soft silvery sheen.

Loreley. S. light yellow. F. deep sea blue with cream edging.

Mist. Lavender blue, giving an effect of shading.

Mother of Pearl. Very large with mother of pearl colorings, having a white throat, overlaid with gold.

Pallida Dalmatica. Clear lavender blue, shading to pale silvery blue.

Princess Victoria Louise. S. sulphur yellow. F. rich plum bordered cream.

Rhein Nix. S. pure white. F. deep violet blue with white edge.

Royal Purple. Deep violet purple.

Windham. Deep warm pinkish lavender.

Prices: Strong flowering clumps. 30c each; \$2.50 for 10

Collection of 1 each, 12 plants for \$3.00

Collection of 3 each, 36 plants for \$7.50

Japanese Iris

Iris Cristata

A dwarf native species with handsome light colored flowers and short thick green foliage. 4 to 8 in. May. Excellent for Rock Gardens.

Strong clumps, Doz. \$2.50, 100 for \$18.00

The Iris

By John C. Wister

A treatise on the History, Development and Culture of the Iris. 128 pages. Fully illustrated. Postpaid \$1.25.

Iris (Dwarf Bearded)

Charming very dwarf plants which bloom in May and June. The flowers are large and showy and of the same general appearance as the German Iris. Height 6 to 8 inches.

Pumila Bride. A large, showy pure white.

Pumila Atroviolacea. A rich royal purple.

Pumila Aurea. A very bright yellow.

Pumila Spring Skies. Clear, light blue, self colored flowers.

Prices of any of the above,

3 of one variety for \$1.25, 10 for \$3.00 100 \$25.00.

Iris, Japanese

The Japan Iris is perfectly hardy and flowers in great profusion in July and August.

The large size of the flowers is noteworthy, as they often reach 6 to 8 inches across in most fascinating combinations.

Price of the following strong clumps,

3 for \$2.75, \$6.00 per doz.

Catherine Parry. Double, blue overlaid rosy-red.

Eleanor Parry. Double, claret red, flamed white and blue.

Fascination. Double, blue lightly veined white, pink tinge.

Grace Sperling. Single, hortense violet, petaloid stigmas light hortense violet. Very early.

Gold Bound. Large, pure white, yellow center.

Helen von Siebold. Reddish violet, veined white.

Lucie Marshall. An immense double with six petals of Pansy violet in color with distinct white veins coming from a golden yellow center. Stems 4 feet.

Oriole. Large, double flowers of rich plum red, shaded deep purple.

Pyramid. Light blue, center of petals veined white.

Templeton. Double light blue flowers mottled rose and white.

Victor. White, veined violet blue, purple center.

Japanese Iris, Double and Single Mixed. All colors and shades. Large, individual clumps. \$5.00 per doz., \$40.00 per 100.

Iris

By F. F. Rockwell

A handy guide showing uses and effects possible with all types of Iris. Tells the soils best adapted, etc. 80 pages, 54 illustrations. Postpaid \$1.00.

Iris, Siberian

Narrow, glossy foliage, delicate flowers on tall stems. Excellent for cutting as the blooms keep well in water and can be used with other flowers.

Sibirica orientalis. Purplish blue. 2 to 3 ft.
3 for \$1.50, 10 for \$4.00

Sibirica, Perry's Blue, A large flower of clear blue with horizontal falls. 4 ft.
3 for \$2.50, 10 for \$7.00

Sibirica, Snow Queen. Flowers snow white.
A very attractive plant. 3 for \$1.50, 10 for \$4.00

Ixias

Desirable bulbs for forcing or outside borders. If planted outside they require coverings during the Winter.

Bridesmaid. White with carmine eye.

Crateroides major. True bright scarlet. Forces well.

Clitus. Golden yellow, dark center.

Viridiflora. A beautiful shade of green.

Wonder. Beautiful double rose

White Swan. A superb white.

Finest Mixed. All colors.

Prices of the above; Doz. 80c., 100 \$5.00

Lachenalia

Pendula Superba

(See Back Page Cover)

The finest of all the *Lachenalia* family and most suitable as an attractive Christmas pot plant. The pendulous flowers are produced on thick fleshy stems about 10 to 12 inches in height and remain a long time in bloom. The color is a most beautiful velvety shading of orange-red with a blending of purple at the tips.

Cultural Directions—The bulbs may be planted five or six in a five-inch pot in a compost of two parts sandy loam and one part leaf mold, placing them in a layer of sharp sand. Water only once until growth is started. Place in cold frame until weather becomes too cold then move to a cool greenhouse. Water may be used frequently in growing stage and liquid manure can be used while in bud.

House Culture—Follow the above directions in potting, then place in a cool room and when growth is well advanced the pots may be placed in a warm sunny window for flowering.

Prices, flowering bulbs; 4 for \$1.00 25 for \$5.75;
\$22.00 per 100.

Lachenalia Nelsoni

Produces flowers in March with a delightful shading of green and yellow.

Prices, flowering bulbs; 4 for \$1.00; 25 for \$5.75;
\$22.00 per 100.

Leucojum

(Spring Snowflake)

Charming, early flowering bulbs, producing flowers like Giant Snowdrops on stems 1 foot high. Perfectly hardy. Doz. \$1.00, 100 \$6.00.

Leucocoryne

(*Ixioides Odorata*)

A fine cut flower for the cool greenhouse. Flowers light blue with white center on tall stems with a faint fragrance. Culture similar to Freesias. Doz., \$3.00; 100, \$20.00.

Lily-of-the-valley

For forcing, the pips are to be preferred, being grown under conditions tending to promote vigorous and early blooming. Twelve to eighteen pips may be planted in a 6-inch pot, with all the fibrous roots carefully preserved, and keeping the crowns above the soil. Place them in a temperature of about 80 degrees, cover the crowns with loose moss and keep them constantly moist with tepid water.

Marshall's Matchless Pips. The earliest, largest and best for forcing. Extra strong pips with long roots producing flowers with 15 to 20 bells and fine foliage. \$5.00 per 100, \$16.00 per 250, \$60.00 per 1000. Ready in December.

Field Grown Clumps. We recommend Fall planting of *Lily-of-the-Valley* for outdoor culture and can supply exceptionally vigorous, field grown clumps at 40c. each, \$3.50 for 10.

Lily-of-the-valley Pips

From Cold Storage

We have in storage a large quantity of Dresden Pips for forcing at any season of the year.

Lily-of-the-valley can be forced in about four weeks from cold storage pips. We cannot supply less than 250 pips.

Marshall's Matchless Pips. Case of 250 for \$17.50.

Lycoris Squamigera

A perfectly hardy bulb of the *Amaryllis* family. They produce attractive green foliage in the early Spring, which later dies away, and about a month later the flower stalks appear, growing about 2 feet high and developing an umbel of large Lily-shaped delicate pink flowers shaded with clear blue.

Extra Large Flowering Bulbs. Each \$1.00, doz. \$10.00, 100 \$70.00.

Lycoris Purpurea

The bud is wine-color changing to royal purple when expanded, giving a startling and beautiful effect. Perfectly hardy. 18 inches high.

Strong Flowering Bulbs. Each \$1.25, doz. \$12.00, 100 \$75.00.

Marshall's Fall Collection of Hardy Lilies

We have prepared the following collection of Hardy Lily Bulbs for delivery in October, a most suitable time for planting, if planted according to directions, should produce an abundance of bloom throughout the entire season commencing with *L. Tenuifolium* in May and finishing with *L. speciosum* in September, and if left alone will increase in beauty and numbers from year to year. Three good flowering bulbs of each of the following varieties in a wide range of color. (24 bulbs in all).

Lilium Chinooki. The Sunset Lily

- Columbianum.** Flowers bright golden yellow, spotted maroon.
- Elegans, Leonard Joerg.** Apricot, with dark spots.
- Martagon** (Turks-cap Lily). Clusters of purple flowers.
- Philippinense formosanum.** White with reddish brown exterior.
- Speciosum rubrum magnificum.** White, shaded rose and spotted crimson.
- Tenuifolium** (Siberian Coral Lily). Nodding, rich scarlet flowers.
- Umbellatum grandiflorum.** Orange red; very fine.
- Wallacei.** A rosy apricot with dark spots.

The above collection of 24 good flowering bulbs with cultural directions, value \$6.40, sent post paid for \$5.00.

New Hybrid Lilies

The Sunset Lily (Lilium Chinooki). Supposed to be a natural hybrid of *L. Humboldti* and *L. Pardalinum*, combining the sturdiness of both species. Tall in growth and appearing like a gigantic *L. Pardalinum*. Brilliant red with yellow center freely spotted maroon. \$1.00 each; 3 for \$2.75; \$10.00 per dozen.

Dr. Griffiths Hybrids. Dr. David Griffiths, senior horticulturist of U. S. Dept. of Agriculture, has been successful in raising some remarkable hybrids of *L. Humboldti* X *L. Pardalinum* which we are now in a position to offer in strong flowering bulbs. **Shuksan; Kulshan; and Star of Oregon.** \$1.00 each; \$10.00 per dozen. **Douglas Ingram;** \$1.50 each; \$15.00 per dozen.

Maxwill. An excellent hybrid of *L. Maximowiczii* X *L. Willmottiae*, combining the free flowering qualities of the latter with the lateness of the former. \$2.50 each; 3 for \$6.75; \$25.00 per dozen.

Hardy Lilies

Among the stateliest of all hardy plants, Lilies during their respective flowering seasons, constitute the chief attraction in the hardy border. They prefer a well-drained soil, and should remain undisturbed for years. In the Autumn give the bulbs a heavy mulching of leaves; coarse manure or straw will prove highly beneficial.

Variety	Size of bulb	Each	For 3	Doz.	100
Amabile. Grenadin red; spotted black	3/4	\$.50	\$ 1.35	\$ 5.00	\$35.00

"Consider the Lilies"

No book ever published on Lilies has been so enthusiastically received by flower lovers and this acclaim has not been confined to America alone but throughout the entire world, eleven hundred copies having been purchased alone by the British public who hold the beautiful Lily in high esteem.

In presenting this treatise, Mr. W. E. Marshall, the author, was prompted by a desire to assist the amateur but his wishes have gone beyond his expectations as his brochure is now recognized by experts as a text book on this interesting genus.

Over one hundred varieties are described with complete history and cultural directions. A most interesting book to read, illuminated with 67 magnificent colored plates.

There is only a limited supply of this book which will be sent post paid for \$2.00. It also may be procured free with a cash purchase of Lily bulbs amounting to ten dollars.

LILIES FOR FORCING

Lilium Candidum

(Ascension or Madonna Lily)

This is the old-fashioned garden Lily. The many snow white flowers borne on a stem 3 to 4 feet high, make this Lily most effective. Very large bulbs, ready for delivery in September. Northern grown.

	Each	Doz.	100
Mammoth Bulbs, 9-11 in.	\$0.30	\$3.00	\$20.00
Monster Bulbs, 11-13 in.50	5.00	35.00
Jumbo Bulbs, 13-15 in.75	7.50	60.00

Lilium Harrisii

	Each	Doz.	100
First Size Bulbs, 7-9 in.	\$0.35	\$3.50	\$25.00
Mammoth Bulbs, 9-11 in.60	6.00	45.00
Jumbo Bulbs, 11-13 in.	1.00	11.00	80.00

Lilium Formosum

The Erabu type from the Island of Formosa. Pure white flowers, larger than those of L. harrisii.

BLACK STEM STOCK

	Doz.	100
First Size Bulbs, 9-11 in.	\$5.00	\$30.00
Monster Bulbs, 10-12 in.	6.00	40.00
Jumbo Bulbs, 11-13 in.	9.00	70.00

Lilium Longiflorum Giganteum

This variety flowers somewhat later than Multiflorum, but the flowers are of larger size, of great substance and perfect form.

	Doz.	100
Monster Bulbs, 10-12 in.	\$5.50	\$40.00

Lilium Sinensis Pluratum

A new variety resembling Formosum in the individual flowers which are produced in profusion, from 3 to 4 spikes coming from one bulb. This characteristic makes it most adaptable as a pot plant and the bulbs have been in great demand by florists. An excellent Lily for cold storage purposes.

	Doz.	100
Mammoth Bulbs, 9-10 in.	\$5.50	\$40.00
Monster Bulbs, 10-11 in.	8.00	55.00

Nerine

- Bowdeni.** A grand species from Cape Colony, with large umbels of pink flowers with a rose-colored line down each petal. We offer properly ripened, extra large flowering bulbs, July delivery. Each \$1.50, doz. \$15.00.
- Fothergilli major.** The finest of all the Nerines, producing large red flowers with a golden glitter as if sprinkled with gold dust. Adapted for pots and greenhouses. Well ripened bulbs for delivery in June. Each \$1.00, doz. \$10.00.
- Sarniensis (The Guernsey Lily).** A bulbous plant for greenhouse or conservatory, producing heads of red flowers before the leaves. Each 25c., doz. \$2.00, 100 \$20.00. Delivery in August.

L. Longiflorum America

Lilium Longiflorum America

This native grown Lily is far superior to Japanese forcing lilies, both in size and substance. The flower keeps three times as long and the color is the purest white. It is free of disease and its heavy foliage is dark green from the bottom up.

In the class for all lilies it won first prize at the recent International Flower Show in New York.

	Doz.	100
Bulbs, 10-11 in.	\$7.50	\$50.00
Bulbs, 11-13 in. ..	10.00	75.00

Ornithogalum

- Arabicum.** Makes a large umbel of small white flowers with black base produced on a tall spike. 3 for 60c., \$2.00 per doz., \$14.00 per 100.
- Aureum.** Rich apricot-orange color, finest of all Ornithogalums. Wonderful keeper as a cut flower. 60c. each, \$6.00 doz., \$40.00 100.
- Umbellatum (Star of Bethlehem).** This is the small white hardy variety that is seen in great profusion around many of the old gardens. 6 for 50c., \$1.00 per doz., \$6.00 per 100.
- Thyrsoides.** This is the famous Chinchierinchee the wonder flower from South Africa. The flowers are pyramidal shape with the buds of straw color changing to pure white. 3 for \$1.00, \$3.00 per doz., \$20.00 per 100.

Peonies

(Ready in September)

The Peony roots offered by us are vigorous flowering sized clumps of from 3 to 5 eyes. Peonies are gross feeders and the ground in which they are planted cannot be too heavily fertilized.

The best time to plant is September 1st to freezing. The crowns should be planted from 2½ to 3 inches below the surface of the soil.

	Each	10		Each	10
Adolphe Rousseau. Dark velvety red with hues of garnet, giving a distinct metallic effect; midseason ...	\$2.25	\$20.00	Mme. Jules Dessert. White overlaid with clear pink, shaded rose and straw yellow, with a few carmine stripes	\$2.00	\$18.00

Note—If Peonies are wanted by mail, add 5c. each for zones 1, 2, 3; 10c. each for zones 4, 5, 6; 15c. each for zones 7 and 8.

Oxalis

Suitable for pots and hanging baskets for Winter-flowering. Doz. 100

Buttercup.	The flowers are pure, bright yellow, and produced in great abundance		\$0.50	\$3.50
Grand Duchess.	Lavender		.50	3.50
Grand Duchess.	Pink		.50	3.50
Grand Duchess.	White		.50	3.50

Ranunculus

Adapted for growing in pots or benches. They are not hardy and should not be planted outside north of Washington.

New Giant Paraflor

This new giant Ranunculus is far ahead of the improved types that were offered last year. The perfectly double flowers are produced on tall, stout stems and appear in every conceivable shade of color. The blooms are four times larger than the old type and resemble medium Double Dahlias.

This superb Ranunculus created a sensation at the national convention in Cincinnati, where it received a Gold Medal

Two year old No. 1 Bulbs	Doz.	\$3.00,	100	\$20.00
Paraflor Type.	In straight Red or Yellow.	Doz.	\$1.50,	100 \$10.00

Scilla

(Squills; Harebell)

All the varieties of Scilla campanulata and nutans family are splendid for naturalizing because they will flower in shady places. Both have bells like small Hyacinths, forming long and graceful spikes. The Scilla sibirica is used as a companion to Crocus, for borders or massing.

	Doz.	100	1000
Campanulata alba maxima.			
Large, pure white	\$.60	\$4.00	\$38.00
Blue Queen. Large, bright blue	.60	4.00	38.00
Excelsior. Large, bright blue	.70	4.50	40.00
Rosy Queen. Soft lilac rose	.60	4.00	38.00
Sky Blue. Large, bright blue	.60	4.00	38.00
Nutans. These are larger than Campanulata.			
alba major. White	.60	4.00	38.00
Blush Queen. Delicate lilac rose	.60	4.00	38.00
caerulea (Bluebell) Violet-blue	.50	3.50	30.00
Sibirica, Spring Beauty. A great improvement of the old sibirica. The color is a clearer blue, flowers much larger, and from five to six produced on each bulb	1.50	10.00	
Sibirica. Sky blue. Largest size bulbs	.60	4.00	38.00

Snowdrops

One of the earliest flowers of Spring. Can be planted in borders or lawns. Flowers white.

	Doz.	100	1000
Single	\$.50	\$4.00	\$38.00
Double	1.00	6.00	55.00

Sparaxis

A race of Cape bulbs with extra large flowers, remarkable for exceptional brilliancy of color. They are quite hardy and do well in a sunny, well drained border.

Finest Mixed. \$.80 per doz., \$5.00 per 100.

Spiraea, Elegance

Spiraea, or Astilbe

We will be able to supply, in October, a fine lot of well ripened clumps of some of the best varieties of the new Spiraeas. These clumps will be suitable for 7 inch pots and will force readily for Easter or earlier.

	Each	Doz.
Amethyst. A tall growing, later variety, with full, feathery plumes of lavender rose. The most striking color of all Spiraeas	\$1.25	\$12.00
Elegance. A pastel shade of cattleya or orchid pink. A gorgeous color which must be seen to be appreciated	1.00	10.00
Gladstone. A fine pure white flower	.60	7.00
Gloria Superba. A splendid brilliant dark pink	.60	7.00
Market Glory. A deep rich crushed strawberry pink or rose carmine. From seven to ten handsome flower spikes. Magnificent forcer	1.00	10.00
Pink Perfection. Earliest and freest flowering of all the pink varieties. Color is a deep rose with lilac cast	.75	7.50
Princess Mary. Deep rose pink, shaded lilac	.80	9.00
Queen Alexandra. Bright Pink	.60	6.00
Queen of Holland. Beautiful flesh color	.60	7.00
White Plume. A pure white variety. An early forcer. Tall and graceful grower	1.00	10.00

Indoor Bulb Growing Accessories

- Marshall's Prepared Fiber. Box 15c., 1/2 pk. 35c., pk. 60c., bus. \$2.00. Postage extra.
- White Pebbles. For Paperwhite Narcissus and Roman Hyacinths, Qt. 20c., 4 qts. 70c., pk. \$1.25. Postage extra.
- Pearl Chips. Used for bowls of bulbs.
- Colored Chips. Lb. 20c. White Chips. Lb. 10c. Postage extra at zone rates.

Trillium

(American Wood Lily)

Most beautiful American plants, perfectly hardy, growing and flowering profusely in partially shaded nooks about the lawn, under trees, etc.

Erectum. Broad leaves with a dark purple flower.

Grandiflorum. Large white flowers changing to soft rose.

Stylosum. Pink flowers in early Spring.

Any of the above, doz. \$1.50, 100 \$9.00, 1000 \$80.00
Roots ready for delivery in October.

Tritonia, Crocata

This interesting bulbous plant is commonly known as the Orange Ixia, which it resembles. Very floriferous.

Salmon King. A beautiful soft salmon orange.

Prince of Orange. A flaming orange.

\$1.00 Doz., \$6.00 100.

Tritoma

Rufa. A very dainty yellow flower, and being an early flowering type and a continuous bloomer, it is particularly adapted for forcing.

Strong Roots for Forcing. 3 for \$1.75, doz. \$6.00, 100 \$45.00.

Rufa Hybrids. A charming range of colors of the above. Beautiful for pots or greenhouse forcing.

Strong Roots for Forcing. 3 for \$2.00, doz. \$7.50, 100 \$50.00.

Watsonia

A lovely plant for pots and pans in the cool greenhouse. The graceful branches grow from 2 to 3 feet high, covered with elegant blossoms.

	Doz.	100
White	\$1.60	\$10.00
Pink	1.80	12.00
Red	1.80	12.00

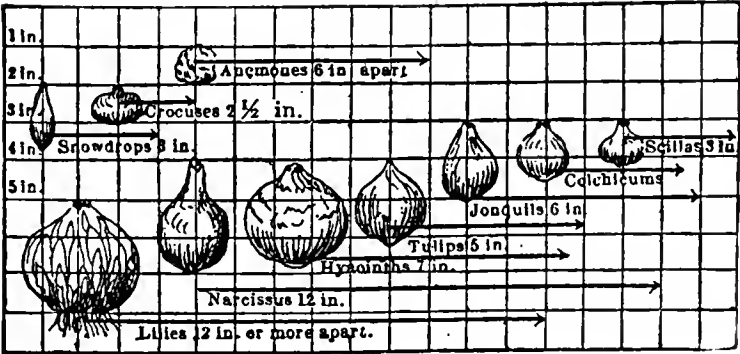

Delivery October—November

Planting Table for Beds of Bulbs

A circular bed 6 ft. in diameter, with bulbs 6 in. apart, requires 110 bulbs; 5 in. apart, requires 160 bulbs; 4 in. apart, requires 300 bulbs.

Depth at Which Bulbs Should Be Planted

Many of our customers are frequently puzzled to know the proper depth and distance apart at which bulbs should be planted. The accompanying diagram conveys the information much more clearly and briefly than we could describe it. The chart will bear careful study. **Outdoor planting should be done early in the Fall** to secure healthy plants, vigorous foliage and beautiful flowers.

Novelties and Specialties
In Flower Seeds

Nemesia Fournieri Hybrids
for Christmas Blooming

A new type of Nemesia which can be forced easily for Christmas. They may be grown in bush form but if grown to single stem they will reach a height of four feet. The flower truss and also the individual flower is large and has a range of color varying from yellow to dark red.

Sow seed end of August. Care should be taken to avoid overpotting and a five inch pot is the maximum size recommended. Keep plants cool in cold frame while safe to do so. Plants will continue to bloom for three to four months and flower spikes have long lasting qualities when cut.

PRICE \$2.00 per packet.

New Double Sweet Scented
Nasturtiums

Ever since the introduction of Golden Gleam Double Sweet Scented Nasturtiums, interest has run high in anticipation of new colors. We can now offer, for Fall delivery, the following which may be brought into flower in the home or greenhouse during the winter.

Scarlet Gleam. Intense Scarlet. Per packet of 15 seeds for 75c.

Glorious Gleam Hybrids. Various shades. Per packet of 15 seeds for 50c.

MARSHALL'S SUPER-GIANT PANSIES

This strain of truly Giant Pansies is of most vigorous growth, the enormous flowers are carried on exceptionally long stems and have a fine range of brilliant colors. Excellent for show work or as a pot plant.

PRICE \$2.00 per packet

Pot Grown Strawberry Plants
For Summer and Fall Delivery

The best time to plant pot-grown Strawberries is during the month of July and early part of September. They have the great advantage over "layer" plants of producing a crop of the largest and finest berries the first season after planting. Further than this, they may be safely planted in the hottest and driest weather without serious check to growth, and may be planted where early Potatoes, Peas or other early crops have been harvested.

All varieties of Strawberries give the greatest yield and the largest berries when grown in rich soil, hence no pains should be spared in preparing the bed carefully before planting, by digging or plowing deeply and turning under a liberal application of well-rotted manure.

Extra Early Varieties

	25	100
Early Jersey Giant. The earliest variety producing large fruit, with a rich wild-strawberry flavor	\$2.00	\$7.00
Premier. Produces vast quantities of sizable attractive berries of excellent quality	2.00	7.00
Success. An excellent variety with large uniform berries of bright scarlet color	2.00	7.00

Medium Early Varieties
